SARACEN NEWS

🏆 We have some BIG NEWS!

Fire Alarm System
Service Provider

Emergency Lighting
System Service Provider

Mid-2022, we started our **BAFE Emergency Lighting & Fire Alarm certification** and in December we had the BSI accredited inspectors in to assess what we do, how we do it and the processes we have put in place to quality-control. Again, this included accompanying our Engineers onsite to inspect our work.

We were awarded the highly esteemed BAFE accreditations back in December, **passing with flying colours**, but we couldn't tell you until our formal certification arrived! We're absolutely delighted and so happy that the BSI Inspectors recognised what our customers already know. Our work always goes above and beyond.

📄 We Are FRA Certified

Our Director, Mark Reindl has also refreshed his **FRA Certification** too so he is completely up to date with all Fire Regulations that businesses need to adhere to and can advise our clients as necessary.
